Laconia Airport Authority

More than 30,000 people arrived or departed the central New Hampshire area via the Laconia Airport in the past twelve months. Some came to Laconia and their presence influenced many people. Others arrived to spend a leisurely weekend playing golf while almost no one knew they had been here.

The accessibility of such areas as Lake Winnepesaukee, Bald Peak and others by air has been a determining factor in their growth and prosperity. The lakes area is no longer a day's drive from New York. An hour and thirty minutes is the travel time now, and during the summer months the number of travelers justifies regularly scheduled service to New York and Boston. This regular schedule now continues into October and starts in early May.

In addition to these regularly scheduled trips is year round service by charter plane to any point in the United States or Canada with the operator, Winnepesaukee Aviation.

For every traveler that is transported by a commercial carrier at our airport, SEVEN more come and go by business or private aircraft. These machines run from a single place home-built type to Sabreliners and Grumman Turbos that represent more than a million dollar investment, carrying up to thirty passengers.

In July of 1966 L. M. Pike and Son, the successful bidder, completed the final 1,000 foot extension to the landing area, giving us a facility that will accept Northeast Airline's new F227, DC6, DC7, DC9 (this is a pure jet) as well as the many new business jets (Convairs, Jet Commanders and Jet Stars).

One result of the bulge in air traffic locally is a demand on the services available beyond their capabilities. Delays in departures and arrivals caused by an overworked instrument approach system during periods of bad weather have been relieved by the installation (at no cost to the city) of teletype weather reports from every major airport in the United States and Canada. The Federal Aviation Agency is presently considering the installation of a new and more accurate instrument approach facility for Laconia. This new facility, along with the availability of jet fuel, recently installed by Winnepesaukee Aviation, is another step toward keeping your airport abreast of demands of a rapidly growing way of life.

Arrivals and Departures (other than airline)	
Commercial and Private	30,675
Airline	4,201
Training and Testing (est.)	22,000
Instrument approaches, authorized	639

Civil Defense

B. Albert Markot, Director

This year the Laconia Civil Defense Auxiliary Police did an exemplary job. These men, under the able supervision of C. D. Auxiliary Police Chief Bernard Cashin, and the guidance of the Laconia Police Department, have honored themselves by their unstinting devotion to their work.

The Civil Defense Department was unable to purchase a rescue vehicle this year; however, the rescue group, headed by Bill Cherrette, has been very active. The group continued its training locally and at the Civil Defense Training School at Topsfield, Massachusetts.

A course in medical self-help was conducted with gratifying results. Many Civil Defense members completed a medical self-help instructor's course offered by the State Civil Defense Agency.

The Communications Group under Jim Richard have been very active and helpful in Civil Defense work. They operate a radio network every week and are adding to their program each year. A panel truck was purchased for the Communications Group and through their efforts and giving of time and labor, an excellent radio communications vehicle will be available soon for emergency work and weekly tests. Some materials and equipment were made available to the Civil Defense Department at little or no cost — this kind of support makes the department's work gratifying.

The N.A.W.A.S. Hardened Facility is 90% complete. This facility will house the alert system known as the "Hot Line". It is located in the basement of the Laconia Police Department.

It is hoped that in the near future Laconia will build an Emergency Operating Center (E.O.C.). This will facilitate continuity of government in emergencies and become a permanent headquarters for the Laconia Civil Defense.

Welfare Department

Year Ending June 30, 1966

Bertrand Morin, Welfare Director

Laurette B. Johnson, Secretary

The Welfare Department received an appropriation of \$83,002.00 which was expended as follows:

Direct Relief

Appropriation	\$28,002.00
---------------	-------------

Expended:

Aid to 141 families (589 persons)	\$12,059.54
-----------------------------------	-------------

Aid to 90 single persons	4,713.59
--------------------------	----------

Aid to 27 veterans and families (138 persons)	2,224.47
--	----------

	\$18,997.60
--	-------------

Salaries and other expenses	7,695.83
-----------------------------	----------

	26,693.43
--	-----------

Unexpended	\$ 1,308.57
------------	-------------

Reimbursements and recoveries	3,056.87
-------------------------------	----------

	\$ 4,365.44
--	-------------

Breakdown of Amount Expended for Direct Relief:

Food	\$ 4,734.81
------	-------------

Gas and electricity	841.88
---------------------	--------

Clothing	488.24
----------	--------

Fuel	653.86
------	--------

Rent	4,240.13
------	----------

Board and care: children	4,306.04
--------------------------	----------

Medical, hospital, funerals, etc.	3,732.64
-----------------------------------	----------

Salaries	5,494.00
----------	----------

Office expense	2,201.83
----------------	----------

Total	\$26,693.43
-------	-------------

Old Age Assistance (city's share):

Appropriation	\$55,000.00
---------------	-------------

Expended	54,588.41
----------	-----------

Unexpended	411.59
------------	--------

Recoveries	2,255.06
------------	----------

	\$ 2,666.65
--	-------------

Returned to General Fund	\$ 7,032.09
--------------------------	-------------

Surplus food was distributed to 4,656 persons. Applications are available at the Welfare office to all persons under state programs and to families of low income.

Planning Board

Membership —

Dr. Kenneth Achber, Chairman

Leslie E. Hibbert Jr., Vice Chairman

George H. Guild

Dr. John R. Perley

Donald J. Robertson (succeeded by John P. Irwin)

John D. O'Shea

Ex-officio —

Mayor Peter R. Lessard

Councilman John A. Veazey

(succeeded by Councilman Arthur Strathern)

City Engineer Wayne H. Hoereth

Jason C. Sloan, Secretary

Among the many problems, plans and projects considered by the planning board during the past year, the following were of major importance:

1. Continuing concern with the Urban Renewal "Winnepesaukee River" Project.
2. Study and recommendations concerning "proposed improvements and extensions of mains for the Laconia Water Works System".
3. Study and recommendations regarding a "Gilford Sewer District" adjoining the Laconia city line.
4. Site recommendation for the State Vocational Institute.
5. Contracts arranged with consulting firms for a planning design and marketability study of the Weirs Beach area. A number of special meetings were held in connection with this project.
6. Study and approval of Laconia Bypass layout from Rte. 106 to Rte. 3 and vicinity of Winnisquam Bridge.
7. Recommendations on zoning change at O'Shea Industrial Park to allow reasonable light industrial expansion.

The board held 24 meetings during the year with excellent attendance by the membership.

Sherman O. Thompson

There have been several personnel changes during the past year. Mrs. Robinson W. Smith, a member of the Board of Trustees for seventeen years, was honored as Trustee Emeritus by Mayor Lessard and the Council. Mrs. Elsa Avery was elected to complete Mrs. Smith's unexpired term. As Superintendent of Schools, ex-officio, Kenneth L. Sherman was for nine years a library trustee whose experience and guidance contributed to library service and development. Due to Mr. Sherman's retirement Victor H. Bowen succeeds him as a library trustee. Recent resignations of two library staff members, Mrs. Barbara Callahan and Mrs. Barbara Ouimette, were received with regret. Mrs. Pauline Hobbs has joined the staff as general assistant.

The library has received numerous gifts from friends and patrons. Notable volumes have been presented in memory of Judge Theo S. Jewett, Mrs. Ruth Stafford, James Goodwin, Mrs. Jean Bullough, Mrs. Margaret Brancel, James R.

Irwin, Richard B. Tilton, David Schmidt, Mrs. Dave Sklute and Harold T. Whittum. The 50th wedding anniversary of Mr. and Mrs. Clarence H. McVey was recognized by friends with a special gift to the library. Several historical items of local interest have been received. The library now has the oil portrait of Stephen Perley who was born in 1770. According to information included in *The Illustrated Laconian*, published in 1899, Mr. Perley came to Laconia as a young man "and was one of the first settlers, and for many years was, perhaps, the most important citizen in town." A 1910 photograph identifies the members of GAR Post #36. A framed picture of the 1903 Lakeport fire was given to the Goss Reading Room. Dr. David F. Moore maintained an office and practiced medicine at Lake Village for more than thirty years. His professional sign from 594 Union Avenue has been given to the library by his granddaughter, Miss Juliette F. Moore. Ten large-type editions of popular books were presented by the Laconia Lions Club. That Club's most recent gift, a Hi-Fi tape recorder, will increase library service to patrons with impaired vision. The library has received two original paintings. A winter scene of Laconia's Main Street looking north from Bank Square was presented by the artist, Mrs. Dorothea Hilliard Frysinger. One of Mrs. Inez Olney's paintings was framed and given in her memory by the Laconia Art Group.

During National Library Week Mr. Edward J. Gallagher, a former trustee, was honored as author of the recently published biography of Stilson Hutchins. Open House was held one evening during Children's Book Week. Over two hundred parents and children were present at that time.

The Martha A. Prescott auditorium is reserved every Wednesday afternoon except during the summer for the Senior Citizens Club. Several meetings were sponsored by the State Library for the Statewide Library Development Program. The auditorium was used by fifteen other organizations for special programs. A public address system which improves the acoustics for a large audience is now available for use in that room.

The State Library Commission has designated the Laconia Library as a Service Center in the Statewide Library Development Program. This entitles Laconia to receive \$1,071 as a grant-in-aid for the purchase of subject materials other than fiction or juvenile books.

It is expected that during the next year a local Friends of the Library group will be organized as part of the State Association. The assistance which such a group can offer was evident during National Library Week when a few talented young women made attractive posters to be displayed with books in several store windows. Under the di-

rection of Mrs. David Decker they conducted a very successful art class for fifty youngsters at the library. Story hours for the younger set were held during the summer. Communities throughout New Hampshire are benefiting from the great service rendered by interested residents who participate in the work sponsored by an active Friends of the Library organization.

Zoning Board of Adjustment

MEMBERSHIP

Maurice Tibbetts, Chairman

Glenn A. Walter

John D. Newton

Dr. John R. Perley

Harry E. Gove (succeeded by Linwood A. Hewitt)

Jason C. Sloan, Clerk

Zoning Board of Adjustment hearings held from July 1,
1965 to June 30, 1966:

No. of Petitions	No. Granted or Approved	No. Denied	Meetings Held
6	5	1	6

The effectiveness of the zoning ordinance is reflected in the minimum number of requests for variances. The past year saw only six petitions presented, while the average yearly number since 1948 has been 14. The Zoning Board of Adjustment is a "quasi-judicial" body designed to consider cases of petitioners who feel that strict interpretation of the zoning ordinances imposes a special hardship on them. Without such a board the only relief would be through the courts and such a process would prove costly and time-consuming. The board members serve for five-year terms without compensation and are to be commended for their interest in civic betterment.

Parks and Recreation Commission

Maurice Aldrich, Chairman

John Giguere - succeeded by Mrs. Edna Granger *Raymond Cronin*

Edna Granger - succeeded by Clifford W. Dorr, Jr. *Phyllis Vose*

Gardner Kidder *Calvin Rolfc*

The Laconia Parks and Recreation summer program opened on June 24th and closed September 5th. The weather was conducive to a very large attendance at the playgrounds and beaches. There were 847 people enrolled in the swim programs — of this number there were 60 pre-schoolers which was a new innovation this year. The Arts and Crafts program at the playgrounds under the direction of Mrs. David Decker was exceptional. Mrs. Decker specializes in scrap crafts and has unique ideas along this line. Many of the items used in this program were donated.

There was an average daily attendance of 176 at the four playgrounds.

During the winter months an excellent hockey program was supervised by volunteer hockey enthusiasts. Hockey teams were formed in the PeeWee and Junior classes and a Senior hockey program was initiated. The Junior Ski program under the direction of the Winnepesaukee Ski Club was well attended as usual.

The Laconia Park and Recreation Department maintains facilities for many programs initiated by local civic organizations. Some of these programs are; Little League, Babe Ruth League, some Y. M. C. A. programs, soft ball league (men and women), 4-H Club, Laconia Rowing Assn., Laconia Lakers baseball club, Lakers Hockey Team and the Laconia School Department for their athletic programs.

Opechee Park

A new score board was built for the Little League and a dugout was installed. The Little League ball field was improved and a refreshment stand installed.

Sand was added to the beach considerably expanding the useable area. New playground equipment was installed, including colorful playtime animals mounted on springs. The park picnic tables were painted bright colors to make them more attractive. A new one-way entrance was created to facilitate parking. The change was needed due to the construction of the regulation one quarter mile cinder track.

Additional access was provided for Opechee Point from the rear of Memorial Junior High School to encourage the use of the Picnic area.

The Opechee Park Club house foyer was refinished

Memorial Park

The bleachers and dugouts were painted and a new roof was put on the dugout. The baseball diamond and softball field has been improved. New playground equipment was added in the form of molded Playtime animals. The garage was finished and toilets added. New lights were installed and grass seed put on the Ski Slope, it was also bulldozed. A new hydrant was added for the skating area. A new Community Club House was built.

Tardif Park

The Club house was painted, the parking area was paved. New playground equipment was added to the play area.

Bartlet Beach

The parking area was enlarged. Sand was added to the beach. Picnic area was seeded and trees removed.

Leavitt Park

A new fence was added along Elm Street. Additional lighting has been provided for the hockey rink as well as a hydrant for flooding both hockey and general ice rinks.

The beach was extended and trees removed to make a larger useable area for swimming and picnicking.

Wyatt Park

The club house interior was completely refinished. New emergency hardware was installed on the doors. The Champlin Street entrance was rebuilt to conform to regulations. A new hydrant was installed to facilitate flooding the skating rink.

Weirs Beach

The retaining groins were replaced as a safety measure. The flag pole was painted. The beach was extended by adding sand.

General Improvements

All of the community houses were equipped with emergency lights, the doors were reversed to open out and crash hardware installed on these doors for safety of those who use these buildings upon recommendation of the fire chief, Merle Sargent.

The park department is trying to brighten up the parks with the addition of new gaily painted play equipment at each playground and by painting picnic tables and benches many new decorative colors.

Since the Laconia Park and Recreation Department sees a real need for a summer program they provide this program for the people of the city. However, since there are numerous civic organizations that provide such excellent programs of various types the Park Department is pleased to provide facilities and any help that may be needed by them.

Police Department

Chief, Harold E. Knowlton
Deputy Chief, Burlon F. McGowan
Capt. Robert C. Abbott
Lieut., Eugene L. Blake

Sgt., Roland Simoneau
Sgt., Donald Doherty
Sgt., Wendell Reisch
Sgt., Miguel Baldor

Patrolmen:

George Rioux
 William Wilson
 Robert King
 Francis White
 Alvin Fortson
 Clyde Drew
 Philip Maheux
 Harry Hamilton

Philip Daigneault
 Martin Murray
 John Cooper
 Henry Brunelle
 William Bridge
 David Murray
 William Connell
 Warren McKim

Mention should be made at this time of the volunteer members of the crowd control squads who served so well at Weirs Beach and in Laconia with the officers of the Police Department and the Civil Defense Auxiliary Police. These men trained for a number of weeks before the so-called "motorcycle weekend" and then worked the same number of hours and under the same conditions as the regular patrolmen without charge to the city. Their public spirited assistance is certainly to be commended and is much appreciated by the City of Laconia, and especially by the Police Department.

Laconia Housing And Redevelopment Authority

COMMISSIONERS

Richard A. Messer, Chairman *Raymond J. Landry, Vice Chairman*

Noel J. Laurent *Paul N. Stewart*

John S. Putney *Robert S. Kitchel, Jr. Executive Director*

The fiscal year 1965 - 1966 has been one of major decision and activity in the preparation of Laconia's two projects; Housing for the Elderly, N.H. 7-1, and the Winnepesaukee River Project, N.H. R-12.

History was made and Laconia's future assured on September 2, 1965 when following a public hearing attended by approximately 1,000 citizens, the City Council voted its approval of the Urban Renewal Plan and the accompanying Relocation Program. The interest of the local business community to develop parcels of land in the project area was rekindled following the Council's approval with the result that fourteen individuals and groups have submitted development proposals for new structures with a total cost of more than a million and a half dollars exclusive of the cost of land.

Part 1 Application for Loan and Grant was submitted on November 15, 1965 to the Regional Office and received "conditional approval" from the Department of Housing and Urban Development in Washington on February 10, 1966.

The submission on April 15, 1966 of Part II of the Application for Loan and Grant completed the Planning phase of the Winnepesaukee River Project.

A contract for Second Acquisition Appraisals has been executed between the local Authority and Frederick Achin of Lowell, Mass. These are 90% complete and a documented report should be forthcoming in the near future.

The revised Development Program based on 96 units of Housing for the Elderly, N.H. 7-1 was approved on February 11, 1966 and an Annual Contributions Contract negotiated.

The Schematic Design Documents consisting of preliminary drawings of the three types of units (Efficiencies, One Bedroom and Two Bedroom) proposed landscaping, site improvements and elevations; together with utilities cost analysis were submitted by Erickson and Dennis, Associated Architects, to the Regional Office of the Housing Assistance Administration on June 24, 1966. These will be reviewed at a conference attended by local officials and engineers early in July of this year. The proposed Senior Citizen Housing, located on the perimeter of the downtown business district at Union Avenue and Baldwin Street, will provide moderately priced apartment units with the safety appurtenances necessary to the older person. Accessible to shops, churches and other public facilities, the proposed "T" shaped structure is surrounded with landscaped terraced walks. The plan includes two elevators, a community room with seating capacity for 200 on the ground floor, an outside recreation and sun area and parking facilities for thirty cars.

The completion of planning for the Winnepesaukee River Project and the Housing for the Elderly Development Program have been based on the two recertifications of the City's application for the Workable Program.

Resolution

City of Laconia

In the year of our Lord one thousand nine hundred and sixty-six.

A RESOLUTION ON THE DEATH OF HAROLD T. WHITTUM, SR.

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS, the mayor and members of the city council have lost a very good friend as well as fellow councilman through the death of Harold T. Whittum, Sr., and

WHEREAS, Harold T. Whittum, Sr. will long be remembered by his constituents in Ward 4 because of his interest in their problems, for his hard work on their behalf, and for his loyalty and honesty; and

WHEREAS, Harold T. Whittum, Sr. was known far and wide for his wonderful sense of humor, his warmth, and his kindness, especially towards those who are less fortunate; and

WHEREAS, Harold T. Whittum, Sr. will be greatly missed by many persons in the City of Laconia and his memory will live on for many years to come;

BE IT RESOLVED that the mayor and members of the city council extend to the family of Harold T. Whittum, Sr. an expression of deepest sympathy; and

BE IT FURTHER RESOLVED that this resolution be engrossed upon the permanent records of the City of Laconia and that a copy be sent to the family of Harold T. Whittum, Sr.

Passed and approved this 26th day of April, 1966.

PETER R. LESSARD, MAYOR

Councilman Harold "Pappy" Whittum's death on April 1, 1966 saddened the entire city.

The words used by Ray Smith of The Laconia Evening Citizen express better than anything else how everyone in city government felt about Pappy:

"Pappy was a good family man, a good citizen, and a good friend.... He made and kept friends easily by reason of his warmth, his kindness and tolerance, his wit and humor. People enjoyed being with Pappy and he enjoyed being with his friends. The usual words are inadequate to describe an unusual man...."

Resolution

City of Laconia

In the year of our Lord one thousand nine hundred and sixty-five.

A RESOLUTION ON THE DEATH OF JUDGE THEO S. JEWETT

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS, the City of Laconia is saddened by the recent death of Judge Theo S. Jewett; and

WHEREAS, Judge Jewett served the City of Laconia as city solicitor from 1920 to 1925, as a member of the city council from Ward 4, as a member of the Board of Education and as Judge of the Municipal Court; and

WHEREAS, Judge Jewett was a highly esteemed citizen of the City of Laconia, well known as the city's historian and for his great interest in the city's libraries; and

WHEREAS, Judge Jewett will be honored in the memories of our citizens for many years to come;

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Council extend to the family of Judge Theo S. Jewett an expression of deepest sympathy; and

BE IT FURTHER RESOLVED that this resolution be engrossed upon the permanent records of the City of Laconia and that a copy be sent to the family of Judge Theo S. Jewett.

Passed and approved this 30th day of August, 1965.

PETER R. LESSARD, MAYOR

Resolution

City of Laconia

In the Year of our Lord one thousand nine hundred and sixty-six.

A RESOLUTION ON THE DEATH OF JAMES R. IRWIN, SR.

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS, the City of Laconia and its surrounding communities are saddened by the recent death of James R. Irwin, Sr.; and

WHEREAS, James R. Irwin, Sr. was known throughout the State of New Hampshire for his civic spirit, for his energy in promoting the welfare of the Lakes Region, and for his many activities on behalf of his state and city; and

WHEREAS, James R. Irwin, Sr. also served the City of Laconia as a Councilman from Ward 1; and

WHEREAS, James R. Irwin, Sr.'s influence and his exceptional qualities have made an indelible mark on the hearts and minds of the citizens of our state and community;

BE IT RESOLVED that the Mayor and members of the City Council extend to the family of James R. Irwin, Sr. an expression of deepest sympathy; and

BE IT FURTHER RESOLVED that this resolution be engrossed upon the permanent records of the City of Laconia and that a copy be sent to the family of James R. Irwin, Sr.

Passed and approved this 28th day of March, 1966.

PETER R. LESSARD, MAYOR

A Report From The Mayor

The second year of my term as mayor has been a busy one. The problem of sanitary landfill operation was solved with the acquisition of a 65-acre tract of land (now known as the Laconia Disposal Gardens) which will meet the needs of the City of Laconia for approximately 20 years. A representative from the State Department of Health has stated that it is one of the best sanitary landfill operations he has ever seen. A great deal of the credit for this excellent operation goes to our capable city engineer, Wayne Hoereth.

Sewer lines have been extended to the County Farm and have been constructed on Cherry Street and Paul Avenue. The next phase will be Shore Drive and Edgewater Avenue — plans for those installations are now being prepared. The Weirs Boulevard project from the Swedish Village to Weirs Beach is approximately half completed.

A great many of the older water lines have been replaced and a new transmission line was put in around the five-mile loop from North Main Street to Elm Street. A new large transmission line is now being installed between the Lakeport reservoir and the water tank on Lafayette Street. This work should be completed this year, and will provide an adequate water supply for the city's emergency fire protection and for periods of heavy use.

The runway at the airport has been extended to 5,500 feet so that we are now ready for year-round, jet service. Our vocational school on Route 106 should be ready to open next fall. A new track has been built at Opechee Park — and the parkhouse at Memorial Park is completed and will soon be dedicated in memory of Councilman "Pappy" Whittum.

Laconia's urban renewal program is progressing satisfactorily and the housing for the elderly should be started this fall.

During the past year a number of aged and unsightly buildings within the city have been demolished — some through action of the housing board and the city council — others by individual owners. The result is a more attractive city and a protection of property values.

At the request of the mayor and council, the planning board arranged for a study of the Weirs Beach area to determine what action might be taken to increase the economic potential of the area. As a result, the planning board entered into contracts with two top consulting firms for a planning design and marketability study to give the board accurate, professional information on which recommendations will be made. It was generally agreed by all concerned that the Weirs Beach area is potentially one of the finest recreation spots in the state and every effort should be made to make it so.

PETER R. LESSARD, MAYOR

CITY AUDIT

Parking Meter Fund Surplus (Schedule A-4)	2,007.76
	<hr/>
	66,247.90

Total Liabilities, *Reserve and Surplus	\$999,960.39
*Exclusive of bonded indebtedness	

EXHIBIT A FOOTNOTES

- (1) This represents a check dated June 24, 1966, in payment of bond principal and interest due July 1, 1966, and budgeted for in the 1966 - 1967 fiscal year. It is required by the bank that such check be collected prior to the due date of the bond principal and interest payment.
- (2) \$39,275.00 was received by check from the State of New Hampshire on August 19, 1966, in partial payment of the funds due Laconia to assist in the retirement of debt principal and interest on sewer bonds. The bonds were issued for the so-called Paugus interceptor, project #2. The above payment represents 40 percent of two years interest and only one year principal. The bonds were issued on May 1, 1964, and as at June 30, 1966, the City of Laconia has paid two years of both principal and interest.
We were advised by the New Hampshire Water Pollution Commission that there may be a delay of the receipt of one year of back principal in the future. Therefore, we have not included in the above "current" receivable the State's 40 per cent share of the May 1, 1966, payment of bond principal. Such share due is included in the "long-term receivables" from the New Hampshire Water Pollution Commission.
- (3) These grants are in addition to the Federal 30 per cent reimbursement of allowable costs received during and at the completion of the sewerage construction projects as assistance in the actual disbursement of construction costs (see Schedule C-1). Our long-term receivable amount on project #2 is the sum stated and confirmed by the New Hampshire department - based upon the finalized Federally approved cost, we expect this amount to be greater than stated.
- (4) The State of New Hampshire grant concerned with footnote 2, above, was estimated by the City of Laconia to be received prior to June 30, 1966, and the amount was calculated as \$58,000.00 for two years principal and interest. Due to the delay in the receipt of such funds, the Laconia Treasurer borrowed \$58,000.00 of cash from the unexpended bond funds to meet general fund commitments. We consider the use of bond funds for this purpose to be an unauthorized expenditure of bond proceeds.
- (5) The payables represent invoices dated prior to June 30, 1966, for goods and services incurred and received prior to June 30, 1966, but not paid until July, 1966. Invoices for similar goods and services received prior to June 30, 1965, were paid in June, 1965, draft of expenditures in the prior fiscal year.
- (6) It should be strongly emphasized that the "surplus" or "E & D" account of the general fund is not available at June 30, 1966, in the form of cash. The asset of the City of Laconia in the form of uncollected taxes now exceeds \$92,000.00 which, in itself, exceeds the stated "surplus" account.

Schedule A-1

CITY OF LACONIA, NEW HAMPSHIRE

Analysis of Changes in General Fund Surplus For the Fiscal Year Ended June 30, 1966

<i>Balance, General Fund Surplus, July 1, 1965</i>	\$122,629.07
Less - Amount applied to reduce 1965 tax rate	55,000.00
	<hr/>

Exhibit C

CITY OF LACONIA, NEW HAMPSHIRE

Notes to the Combined Statement of Financial Condition Of all Bond Funds Separate from General Fund As at June 30, 1966

(1) On airport runway extension project #3, it is estimated that the Federal grant share of 50 per cent of the project cost will be \$95,371.41. The State of New Hampshire grant share of 25 per cent will total \$47,685.71 for a combined receivable anticipated in the amount of \$143,057.12. As of June 30, 1966, the City had received from L. M. Pike and Son, Inc., estimate #1 in the amount of \$111,682.90 which is shown as an account payable in this exhibit.

(2) On sewer project #2, Paugus interceptor, the final examination has been made by the U. S. Government and the final Federal grant share of 30 per cent of allowable costs has been set at \$248,130.00. The City received \$225,000.00 in the fiscal year ended June 30, 1965. The final portion of the grant, although not received prior to June 30, 1966, has been received and deposited prior to the writing of this report.

(3) On 1965 capital improvement notes, the City has received in July, 1966, a check from Belknap County for \$11,458.10 representing the cost of connecting the sewer with the County Home.

For purposes of identification, we have classified as project group 1 the purchase of land for sanitary land fill, and the construction of sewers on Paul Avenue, Cherry Street, Weld Street, and across O'Shea Industrial Park. We were informed by the City Engineer that the Weld Street sewer will consume practically all of the unexpended balance. The City Solicitor of Laconia has stated that the \$20,000.00 on deposit with the Belknap County Superior Court (see Schedule C-1) representing the cost of the land taken by eminent domain proceedings has been appealed and a jury trial will determine the actual cost.

(4) Based upon preliminary estimates, Federal participation toward the construction cost of phase 3 of sewer projects will amount to approximately \$323,523.00 which is 30 per cent of the allowable costs subject to grant funds. In addition, the State of New Hampshire will contribute ratably over the twenty (20) year period of this bond issue 40 per cent of allocable grant costs plus 40 per cent of the bond interest costs.

(5) The \$58,000.00 was a temporary loan made from the 1965 sewer bond funds to the general fund pending receipt of a sewer grant. We were informed that there was a delay in inspecting the phase 2 sewer project by Federal authorities and such delay necessitated the transfer of this money to the general fund. However, in our opinion, the transfer constituted an unauthorized bond fund expendi-

ture. See Schedule C-1 for disbursement from phase 3 sewer bond funds.

(6) During the fiscal year ended June 30, 1961, the City received \$42,518.20 as an advance from the Federal government to offset expenditures for *preliminary* sewer project plans. In addition to this, the City received an advance of \$8,500.00 for *preliminary* planning of sewer projects on Shore Drive and Union Avenue. These advances were given under the condition that they shall be repaid in full only when such projects are actually instituted. Such projects are in progress, and \$12,800.00 of these advances were repaid in the year ended June 30, 1963; \$1,300.00 in the year ended June 30, 1964; \$10,630.00 in the year ended June 30, 1965; and \$13,388.20 this year (see bond fund expenditures, 1965 Sewer Bonds, Project #3, Schedule C-1).

Schedule C-1
CITY OF LACONIA, NEW HAMPSHIRE
Bond Funds
Statement of Cash Receipts and Disbursements
For the Fiscal Year Ended June 30, 1966

Balance of Bond Funds, July, 1965 \$ 297,761.23

Library Trust Funds
Notes to Statement of Financial Condition
As at June 30, 1966

Note 1 - The bequest from Inez M. Olney is unrestricted both as to principal and interest. For accounting purposes, we have valued the American Telephone and Telegraph common stock at the average price as traded on the New York Stock Exchange, March 28, 1966.

Note 2 - The bequest from Myrtie G. Crooker stipulated that the house and land at 132 - 134 Court Street be sold and the proceeds from the sale be invested. The income from such invested funds shall be used for the purchase of religious and educational books.

Note 3 - Balance, Gale Building Fund, July 1, 1965	\$15,834.40
Plus - deposit of portion of Gale Estate	
income	\$4,915.08
Plus - interest earned on investments	818.06
	<hr/> 5,733.14
Less - Interest withdrawn and deposited	
into checking account	414.73
	<hr/> 5,318.41
Balance, Gale Building Fund, June 30, 1966	<hr/> \$21,152.81
